TESTING	TEST

These are the official score sheets of the *RoboCup Federation* for the *RoboCupJunior* (RCJ) OnStage events in 2025.

**The International Original score sheets (in English) have priority over any translations.**

Major changes from the previous years OnStage score sheets are written in **red**.

**Teams should make sure to review ALL pages of these score sheets.** The score sheets have been changed to deepen and broaden the educational benefits of competing in RoboCupJunior. It focuses on the evolving technologies available in our time.

**The rules, score sheets, and all forms of documentation can be downloaded from the official RoboCupJunior website** (<https://junior.robocup.org>). Each team has a responsibility to verify the latest version of these documents prior to the competition, as changes may be made at any moment. Teams are encouraged to study all documents in detail.

## RoboCupJunior Forum

For inquiries and questions about the score sheets or competition updates, the **Official RoboCupJunior forum** (<https://junior.forum.robocup.org/>) can be used to contact the OnStage League Committee. All official communication from the committee will be published here before and during the competition season.

## RoboCupJunior OnStage Community Website

Ressources for participating in the OnStage league can be found on the OnStage community website: <https://robocup-junior.github.io/onstage>

## RoboCupJunior OnStage YouTube channel

Examples of good performances and documentation can be found on the **Official RoboCupJunior On-Stage YouTube channel** (<https://www.youtube.com/@rcjonstage>).
